

Cost and price of cable trays in Germany

Overview

Cable Trays Market in Germany | Report Pricing in the German cable trays market is a function of a complex cost-plus model, heavily influenced by volatile.

Key Takeaways

German cable trays typically range from €20 to €150 per meter, depending on material, type, and manufacturer. Price Range by Material and Type
Galvanized Steel Cable Trays: Often the most cost-effective option, prices generally start around €20–€40 per meter for standard ladder or perforated trays, offering durability and low maintenance. Aluminum Cable Trays: Lightweight and corrosion-resistant, these trays usually cost €40–€80 per meter, depending on thickness and load capacity.

Stainless Steel Cable Trays: Premium option for harsh environments, prices can range from €80–€150 per meter due to higher material costs and corrosion resistance.

Plastic or Halogen-

Free Trays: Used in specialized applications, these can cost €30–€70 per meter, offering chemical resistance and lightweight installation.

Factors Affecting Cost

Tray Type: Ladder trays, perforated trays, and solid-bottom trays differ in manufacturing complexity and price. Ladder trays for heavy power cables are generally more expensive than simple perforated trays. Load Capacity and Size: Wider trays or those designed to carry heavier cables cost more.

Custom dimensions or modular systems may increase the price. Standards Compliance: Trays meeting DIN EN 61537 or international standards may carry a premium due to quality assurance. Manufacturer and Brand: Leading German manufacturers like Pohlcon, Duelco, and Bayka offer high-quality, durable trays, which may be priced higher than generic suppliers.

Bulk Orders: Ordering larger quantities often reduces the per-meter cost, with some suppliers offering discounts for orders over €500 or €1000.

Additional Considerations

Installation costs are separate and depend on mounting complexity and labor. Shipping within Germany or internationally may add to the total cost, especially for heavy steel trays. Galvanized trays are recyclable and sustainable, which can be a factor in long-term cost efficiency.

In summary, expect to pay €20–€150 per meter for German cable trays, with the exact price influenced by material, type, load requirements, and supplier. For precise quotes, contacting manufacturers or distributors directly is recommended.
