

Custom-made galvanized cable trays in Slovenia

Overview

Galvanised Cable Tray In Slovenia Galvanised Cable Tray is often a cost-effective solution compared to other materials. It is relatively affordable, espec

Key Takeaways

Galvanized cable trays in Slovenia typically range from €15 to €50 per meter, depending on size, type, and galvanization method.

Overview of Pricing

The cost of galvanized cable trays in Slovenia varies based on several factors: Tray Type and Size: Standard ladder trays, perforated trays, and solid-bottom trays differ in price. Widths typically range from 50 mm to 600 mm, and heights from 50 mm to 60 mm, with larger trays costing more per meter. Galvanization Method: Hot-dip galvanized trays are more expensive than pre-galvanized or powder-coated trays due to the durability and corrosion resistance offered by the hot-dip process.

Material Quality: High-grade steel and thicker gauge trays increase the price, while lighter or lower-grade steel reduces it. Accessories and Fittings: Bends, couplers, brackets, and support struts, often made of galvanized steel, add to the overall cost of installation. Supplier and Volume: Bulk orders from manufacturers like Bevec d.o.o., Elba d.o.o., or other Slovenian suppliers may reduce per-meter costs, while small orders or custom sizes can be more expensive.

Typical Price Range

Small to medium trays (50–150 mm width): €15–€25 per meter
Medium to large trays (200–600 mm width): €25–€50 per meter
Hot-dip galvanized trays: Usually at the higher end of the range due to enhanced corrosion resistance

Recommendations
Request Quotes: Contact local suppliers directly for precise pricing, as costs can vary with order size, customization, and delivery options. Consider **Total Cost:** Include accessories, installation labor, and any additional protective coatings when budgeting. Check **Standards:** Ensure trays meet environmental and safety standards for industrial or infrastructure projects.

By considering these factors, you can obtain a more accurate estimate for galvanized cable trays in Slovenia and select the best supplier for your project needs.
