

Which Romanian mesh cable tray manufacturer offers the best quality

Overview

Cable Trays We are a cable tray systems manufacturer of different types and sizes, with easy installation. Based in Bucharest (Romania), we offer fast deli.

Key Takeaways

RED Metal, MAR-INA, and Jeetmull Jaichandlall are among the top Romanian manufacturers offering high-quality mesh cable trays with European standards and customization options.

RED Metal

Based in Bucharest, RED Metal produces cable tray systems with European quality standards, using galvanized sheet metal with perforations and embossing for durability and ventilation. Their trays are designed for easy installation, safety, and fire resistance.

RE

D Metal products carry CE marking, AFER authorization, and test reports, ensuring compliance with industry standards. They offer standard and custom lengths, widths, and heights, making them suitable for industrial and commercial applications. MAR-INAMAR-INA PRODPREST SRL specializes in made-to-order metal cable trays and grilles, providing extensive customization for industrial, commercial, and residential projects.

They manufacture trays with custom perforations, covers, and RAL-colored powder coating, depending on environmental and aesthetic requirements. MAR-INA emphasizes load validation per project, ensuring mechanical strength and optimal airflow. Their flexibility in dimensions and finishes makes them ideal for specialized installations like data centers, PV/EV infrastructure, and technical floors.

Jeetmull Jaichandlall

This manufacturer focuses on high-quality wire mesh cable trays with excellent finishing and durability. They use modern equipment and advanced technology to produce trays that are resistant to impact, wear, and deformation, while maintaining good ventilation and visibility. Jeetmull Jaichandlall adheres strictly to industry standards and offers a wide range of sizes, shapes, and configurations, making them suitable for construction, mining, automotive, and filtration applications.

Recommendation

For standardized, certified, and reliable cable trays, RED Metal is a strong choice due to its European certifications and proven track record. For customized solutions with specific load and aesthetic requirements, MAR-INA offers extensive flexibility. If durability and mesh-specific applications are the priority, Jeetmull Jaichandlall provides high-quality wire mesh trays suitable for diverse industrial uses.

Choosing the best manufacturer depends on your project requirements, including load capacity, customization, environmental conditions, and compliance needs.
